SURPRISE BILLING PROTECTION FORM

The purpose of this document is to let you know about your protections from unexpected medical bills. It also asks whether you would like to give up those protections and pay more for out-of-network care.

IMPORTANT: You aren't required to sign this form and shouldn't sign it if you didn't have a choice of health care provider when you received care. You can choose to get care from a provider or facility in your health plan's network, which may cost you less.

If you'd like assistance with this document, ask your provider or a patient advocate. Take a picture and/or keep a copy of this form for your records.

You're getting this notice because this provider or facility isn't in your health plan's network. This means the provider or facility doesn't have an agreement with your plan.

Getting care from this provider or facility could cost you more.

If your plan covers the item or service you're getting, federal law protects you from higher bills:

- When you get emergency care from out-of-network providers and facilities, or
- When an out-of-network provider treats you at an in-network hospital or ambulatory surgical center without your knowledge or consent.

Ask your health care provider or patient advocate if you need help knowing if these protections apply to you.

If you sign this form, you may pay more because:

- You are giving up your protections under the law.
- You may owe the full costs billed for items and services received.
- Your health plan might not count any of the amount you pay towards your deductible and out- of-pocket limit. Contact your health plan for more information.

You **shouldn't** sign this form if you **didn't** have a choice of providers when receiving care. For example, if a doctor was assigned to you with no opportunity to make a change.

Before deciding whether to sign this form, you can contact your health plan to find an in-network provider or facility. If there isn't one, your health plan might work out an agreement with this provider or facility, or another one.

See your Good Faith Estimate for your cost estimate.

"Right to Receive a Good Faith Estimate of Expected Charges" Under the No Surprises Act

You have the right to receive a "Good Faith Estimate" explaining how much your medical care will cost

Under the law, health care providers need to give **patients who don't have insurance or who are not using insurance** an estimate of the bill for medical items and services.

You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.

Make sure your health care provider gives you a Good Faith Estimate in writing at least one business day before your medical service or item. You can also ask your health care provider, and any other provider you choose for a Good Faith Estimate before you schedule an item or service.

If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.

Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate, visit <u>www.cms.gov/nosurprises</u> or call (706) 680-6865
